TOWN OF MOULTONBORO

LIBRARY REPORT

The former librarian, Mrs. Leah Wakefield, resigned her position August 1, 1944 and Mrs. Eleanor Tilton was appointed to fill the vacancy.

Anyone who desires to use the library in regard to school or other immediate work will find the librarian willing to help outside of library hours. This applies especially to high school students who cannot always use the library in regular hours.

The library is your library and in these times of gas rationing and such, you will find us willing to cooperate in any way possible.

At present the library is supplying books to students from six different schools.

The Book Committee is planning to buy a new encyclopedia with the remainder of the book fund and hope to have them ready for use before schools open in the fall.

The library still borrows books from the Extension Division at the State Library by request and from the Bookmobile, which the library cannot supply at the present time.

Gift books this year include 7 volumes of George Eliot's works and 7 volumes of Scott's works presented by Miss Ruth Gardiner, Lynn, Mass.; 2 volumes of Pictorial History of the World's Great Nations and 2 volumes of Deeds of Valor presented by Mrs. George Brown of Lynn, Mass.; Books were also presented by Clyde B. Foss and Walton Cole.

TOWN OF MOULTONBORO

REPORT OF FOREST FIRE WARDEN

Help the War Effort by Preventing Forest Fires

NO ONE is exempt from helping to win the war! EVERYONE regardless of age, has his or her place in the overall effort! Some men, because of age, are called upon to bear arms; man ships, submarines and planes; minister to the injured and maintain morale. Women, in large numbers, are serving with the armed forces as nurses and members of the several womens' military organizations—WACS, WAVES, SPARS, etc. War industry has taken millions of men and women whose accomplishments have been the marvel of the world. Civilians at home are doubling up on their activities because of the shortage of manpower, purchasing bonds, assisting in numerous patriotic undertakings, maintaining home morale and on the whole, carrying on with a cheerfulness and determination that is typically American. Yet despite the time, thought and effort we are all putting into the war effort in general, we are, true to our peculiar American characteristics, heedless and careless about many important things and one of these is FIRE as it relates to our forests.

Much harm can be done the war effort because of our carelessness with fire. Lumber has gone to war in a BIG WAY! Our New Hampshire forests are contributing their full share insofar as manpower permits. Fire, the greatest enemy of the forests, destroys, during each of these critical years, hundreds of acres of valuable trees that could contribute to the war effort. Forest fires disrupt the war's business by taking men from their important work in industry and on the farm and reduces production of necessary war materials and food. Forest fires require the spending of much money and material that might otherwise be diverted into vital war channels. Forest fires are, annually, the result of human carelessness—yours and

TOWN OF MOULTONBORO

mine. This can and should be remedied—NOW! YOU can HELP THE WAR EFFORT by PREVENTING FOREST FIRES! The rules of the game are simple.

1. Always be careful with fire in or near woodlands.
2. Comply with regulations governing the use or starting of fires there.

Remember

- a. You need written permission from your local forest fire warden for debris burning fires when the ground is not covered with snow.
 - b. Be sure your match, cigar, cigarette and pipe ashes are OUT before dropping them.
3. Be fire-minded NOW as never before; be careful; caution others to be careful; be cooperative and thus help your warden, your town, your nation and yourself!

Help the War Effort by Preventing Forest Fires

The 1944 fire record for our town is:

Number of fires: 3

Acreage burned: 3.6

Number of permits issued: 18

TOWN OF MOULTONBORO

REPORT OF SUPERINTENDENT OF SCHOOLS

"Business as usual" is not a popular slogan in war time, but as applied to school work much can be said in its favor. The strain and worry of war, which affects almost every family, should have some antidote as far as our children are concerned; and they should be entitled to normal play, normal growth and a fundamentally sound background of character and knowledge.

This means, first, that the schools must provide opportunity for children to serve and to develop responsibility. Many such activities are carried on today. A "Bundle Day" last October provided, from the six districts in this supervisory union, nearly a ton of used clothing for needy children here and abroad. The milkweed pod collection, providing floss intended for sailors' life jackets, netted over \$90 worth at 20c a bag, all schools in the union doing their share. Many pupils from time to time write letters to service men, buy war stamps and bonds, and do their share in many other ways.

In the second place, the schools must keep up the standards of basic education. Soldiers need to read and write accurately or they will misinterpret orders. The multiplication table is more necessary than ever, as mathematics is the basis of so many military calculations. In this real sense, "business as usual," meaning stress on the old-fashioned fundamentals, is vitally important.

As a third point, the school and home together should strive to keep the emotional stress of war from spoiling the childhood of our boys and girls. The children cannot help being conscious of the presence of anxiety in their home or on the part of their teachers. But laughter, play, rest, and freedom from fear are just as necessary for normal growth as are study, work, and a sense of responsibility.

TOWN OF MOULTONBORO

Finally, it has been said that the foreign policy of a nation is made in the nursery. A child who is taught, at the age of four, not to pick on or abuse a younger or weaker playmate, is less apt to favor imperialistic domination by his government when he is forty. Just as we are learning now to wage war, we must learn—beginning now—to wage peace. Our children as well as adults need to be interested in and informed about world affairs and the people of other nations. Only by intelligent effort shall war be eliminated from the earth, the sea, and the air.

ALMON W. BUSHNELL

Superintendent

TOWN OF MOULTONBORO

REPORT OF SCHOOL NURSE

A report of the health work done by the school nurse during the past year:

| | |
|------------------|----|
| Pupils inspected | 81 |
| School visits, | 84 |

The children have been weighed and measured several times during the year.

Dr. Robert Quimby did a physical examination on all of the children in the Primary, Grammar and the two rural schools in December.

Dr. Morrill did the physical examination on the Moultonboro children in the Center Harbor school.
Result of Examinations:

| | |
|-------------------|---|
| Defective teeth | 5 |
| Defective tonsils | 2 |
| Defective vision | 8 |
| Five have glasses | |
| Underweight | 2 |

Dental clinics were held in Meredith with Dr. Pottle and Dr. Deneault in Meredith. A summary of the clinic shows that 32 pupils were treated with a total of 151 operations.

The Department of Education loaned the schools the Audiometer again last winter. Of the 58 pupils tested, 6 pupils were found to have slightly abnormal hearing.

I appreciate the cooperation of those who helped to carry out this health program.

Respectfully submitted,

EVA A. HENEY, R. N.

NOTE

The paper in your Town Report this year is an especially fine weight and grade, much better than usually used. It was not a matter of choice; these days your printer takes what he can get.
